

**CRDA Region Development Authority**  
**20+/- acres 100 Reserve Road**  
**Project #18-001**  
**Addendum #2**

**Question & Answers**

Q.) Will the State and/or the City require this to be a union job or prevailing wages job?

A.) The simple leasing of the state property would not trigger prevailing wages or other labor standards, however, if there is a request for some level of public assistance, then such cost triggers could apply as a result of those funds being included in any deal.

Q.) There was a general question submitted to CRDA regarding the environmental documents.

A.) This information was provided directly by MIRA.
